She has been teaching at the shop for a couple of years and will finish a block of the month she started in 2017 and begin another BOM class! Her specialty is teaching the basic quilting skills to beginners and the Farmers Wife, a block of the month.

MARCIA CARSWELL

AMY CRUNK

Amy became a quilter after a very tragic family accident. This is her story: While temporarily living in Atlanta (my son was in a hospital for a brain injury), I went to The High Museum of Art & toured the Gees Bend Quilt Display. I was so inspired by their stories & quilts that I decided that if my life ever returned to something resembling “normal” that I would learn to quilt. Approximately 1 year later I went to a local library & checked out books on quilting & never looked back! I have now been quilting approximately 14 years & especially enjoy paper piecing projects/unique designs/and teaching.
